Fax: 856.881.8401

Thank you for your interest in the Glassboro Fire Department. Serving the community as a firefighter can be very rewarding. It offers the opportunity to help your family, friends and neighbors. You will experience the camaraderie and brotherhood of the fire service. Being part of the fire service is more than firefighting and rescue work. It includes fire prevention, education and community assistance when necessary. We are also often called to assist the Police Department and Emergency Medical Service. In fact, in most cases, the fire dept. is called when individuals are unsure of whom else to call for assistance.

We receive extensive training in a wide variety of subjects that enable us to handle almost any type of emergency. The fact that firefighters come from all walks of life, with difference careers and backgrounds, enhances our abilities as a department. We use those diverse experiences to help the residents of Glassboro and strengthen our community.

Please fill out the Contact Sheet, (click the link to open, fill out the appropriate fields, and save the file) then email it to gfdmembership@glassborofiredept.com. We will contact you and arrange a time to meet at the fire house.

Print the application, fill it out at your convenience, and bring it with you to the arranged meeting. If you have prior experience or training in emergency services, please bring copies of your certificates, and your New Jersey State Fireman's Relief Association "Line Number" with you.

At that meeting we will guide you through the rest of the application process, and welcome you to come out to our weekly drills. Although you won't be issued firefighting gear until the application process is complete, it will give you the opportunity to meet our members, and get acclimated to our organization.

Thank you and we look forward to hearing from you!

Sincerely,

Chief Rick Bellebuono
